Planning notes

Door hinge not reversible.

The front of the appliance extends 1 7/8" from the cabinet front.

Consider the overhang when planning to open drawers next to the appliance.

When planning a corner solution, pay attention to the 90° door opening angle.

Plan a gap of at least 3/16" between the appliance and adjacent cabinets.

To achieve the 21 5/8" installation depth, the connecting cable needs to follow the slanted edge on the lower right hand corner of the housing.

Locate electrical box in cabinet above unit.

The LAN port can be found at the back on the upper right side.
